### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- a. In claim 4, line 6, a comma was inserted after "output" for grammatical clarity.
  - b. In claim 8, line 7 "is" was changed to: --being--, for grammatical clarity.
2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: In the replacement sheet filed 3/14/05, the lead line of reference numeral 302b in Figure 8 was extended to touch the worm gear as shown in the attached figures. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
3. The following is an examiner's statement of reasons for allowance: Regarding the 112 rejections of "motor isolator" and "component isolator" in the first Office Action, upon reconsideration and in view of applicant's remarks filed 3/14/05, the terms meet the requirements of 35 USC 112.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
